

The Wicked Oyster Expands Summer Experience with New Back Bar Concept

Just in time for the official beginning of summer, The Wicked Oyster is excited to introduce The Back Bar at The Wicked Oyster, a newly renovated outdoor destination designed for après-beach cocktails, fresh local seafood and laid-back gatherings in the heart of Wellfleet. Starting this week, The Back Bar at The Wicked Oyster will be open Monday through Thursday from 2pm to close & Friday through Sunday 11:30am-close, featuring outdoor seating and standing room, live music, a brand new, hand-crafted outdoor bar and small bites menu and raw bar.

Located behind the restaurant, The Back Bar at The Wicked Oyster offers a welcoming open-air setting complete with shaded seating, full-service hospitality and plenty of room for families, friends and visitors to gather throughout the season. Inspired by the same laidback charm and community-driven spirit that has made The Wicked Oyster an Outer Cape destination, this reinvigorated space creates an additional watering hole for patrons looking to unwind after a day on the beach, enjoy live local music and experience the best of summer on the Cape.

“We wanted to create a casual, welcoming gathering place where locals and visitors can enjoy great food, great music and great company without the frills,” said Alex Hay, Co-Owner of The Wicked Oyster. “It gives us another opportunity to bring our community together and showcase the incredible local vendors who make this place what it is.”

Designed with comfort and flexibility in mind, the space features ample outdoor seating, shade canopies, and a relaxed, come-as-you-are atmosphere that welcomes everyone from beachgoers still in their coverups and families gathering for dinner.

Additional details, including hours of operation, music programming and seasonal menu offerings, will be announced in the coming weeks. For up-to-date menus and entertainment schedule, check out thewickedo.com, and be sure to follow @thewickedoyster on instagram for updates
